## SUMMER 2007

### Making a child's dreams come true

On July 21st, we celebrated the Orphanage's 40th anniversary. (See the photo spread on pages 2 and 3.) At the party, we rejoiced and praised God for the children, more than 1,000, who have passed through our gates. At the joyful event were many grown up 'kids' who call Orphanage founders Ramon and Magdalena 'Papa' and 'Mama'.

Education has always been of utmost importance at the Orphanage - first, teaching kids about God's love for them, and second, giving kids the schooling they need. With your help and prayers, we've been giving our children this education for many years.

#### Meet Alejandra, One of our Grown 'Kids'

Attending the 40th celebration was a woman named Alejandra. About thirty years ago, a poor mama brought her nine-month-old baby girl to the Orphanage. Baby Alejandra grew up surrounded by love and a big family. Her mother later brought Alejandra's brother and sister to the Orphanage. When the mother's finances were more stable, she returned to take the kids home. Alejandra, age eleven, didn't want to leave the family she had always known. She stayed at El Sauzal.

As Alejandra grew, she became fascinated with photography. When she entered higher education, she studied two different areas, law and photography. She lived at the her orphanage home until she married, at age twenty-two.

Today in her career, Alejandra has used both skills. She has practiced law for the Mexican government, done forensic work, and is currently working as a professional photographer. She has a sweet young daughter of her own. Alejandra's life at El Sauzal and her education are a result of special gifts from amigos like you.

#### Going back to school

August is the most expensive month of the year at El Sauzal. Would you help by purchasing a part of our kids' required uniforms? With a gift of \$5 or more, you can clothe our kids as they get the education that will better their lives. (See page 4 for a list of different uniform pieces and their costs.) Your support will empower our kids as they grow to pursue their interests in their careers and lives, just as Alejandra did.

"I'm very grateful with all of you... for all the people that helped, that did something directly or indirectly. And all the other ones that are helping - they gave us food and love...everything. I don't have the words to express - thank you." -Alejandra
